A large, bold, black stylized letter 'E' that serves as a background graphic for the left side of the page. It has a modern, slightly irregular design with thick strokes.

*EVOLUTION
OF AN ICON*

RETRACING THE JOURNEY
OF THE E-CLASS THROUGH THE AGES.

WHERE IT ALL BEGAN.

The legend came alive long before a model was even christened the 'E-Class' as we know it today. It all began with the 'Ponton' – the iconic W120, launched in 1953. It was the closest predecessor of the E-Class, a symbol of post-war sophistication, offering a smooth ride and pioneering safety.

SETTING UP FOR SUCCESS.

In the late 1970s, the W123 came in with its unmatched durability and timeless design.

A car that set the stage for a legacy of luxury and innovation that would span decades.

E FOR ELEGANCE.

The 1980s brought the legendary W124, and with it, the official name of the E-Class. The elegant W124 was also the first made-in-India car, that kickstarted the Mercedes-Benz India journey.

A plethora of comfort features and the introduction of ABS as standard made it not just a sought-after luxury sedan, but a global exemplar of endurance and elegance.

WIDE-EYED FOR THE FOUR-EYE.

The 2nd generation E-Class – W210 – gave an impression of being four-eyed owing to famed elliptical twin headlights. A tech-forward approach brought in all-wheel drive and adaptive suspension in the E-Class, offered in a new variant lineup – Classic, Elegance and Avantgarde and AMG. With more than 30 technical innovations, and more than 70 awards globally, this E-Class also holds the distinction of being the first E-Class to be a Guard Vehicle.

THIRD-GEN EXCELLENCE.

Globally the first car to feature Adaptive Headlights, the 3rd generation E-Class also came with an automatic tyre pressure monitoring system, automatic climate control, multiple airbags, automatic child seat recognition and a buffet of powertrain options.

TWIN WITH A TWIST.

The 4th generation E-Class refreshed the twin headlight look, with a cleaner design twist. The celebrated car was making a statement in all four body styles: saloon, estate, coupe and cabriolet. The 2-door model bagged the distinction of being the world's most aerodynamically efficient production car, while the saloon became the most aerodynamically efficient model in its category.

TECH TAKES THE WHEEL.

The W213 was the 5th generation E-Class, that ruled the roads with the best-in-class tech and safety features. This model also saw the introduction of the 'long-wheelbase', with India being the only right-hand drive market for the long-wheelbase version of the saloon.

THE
2024

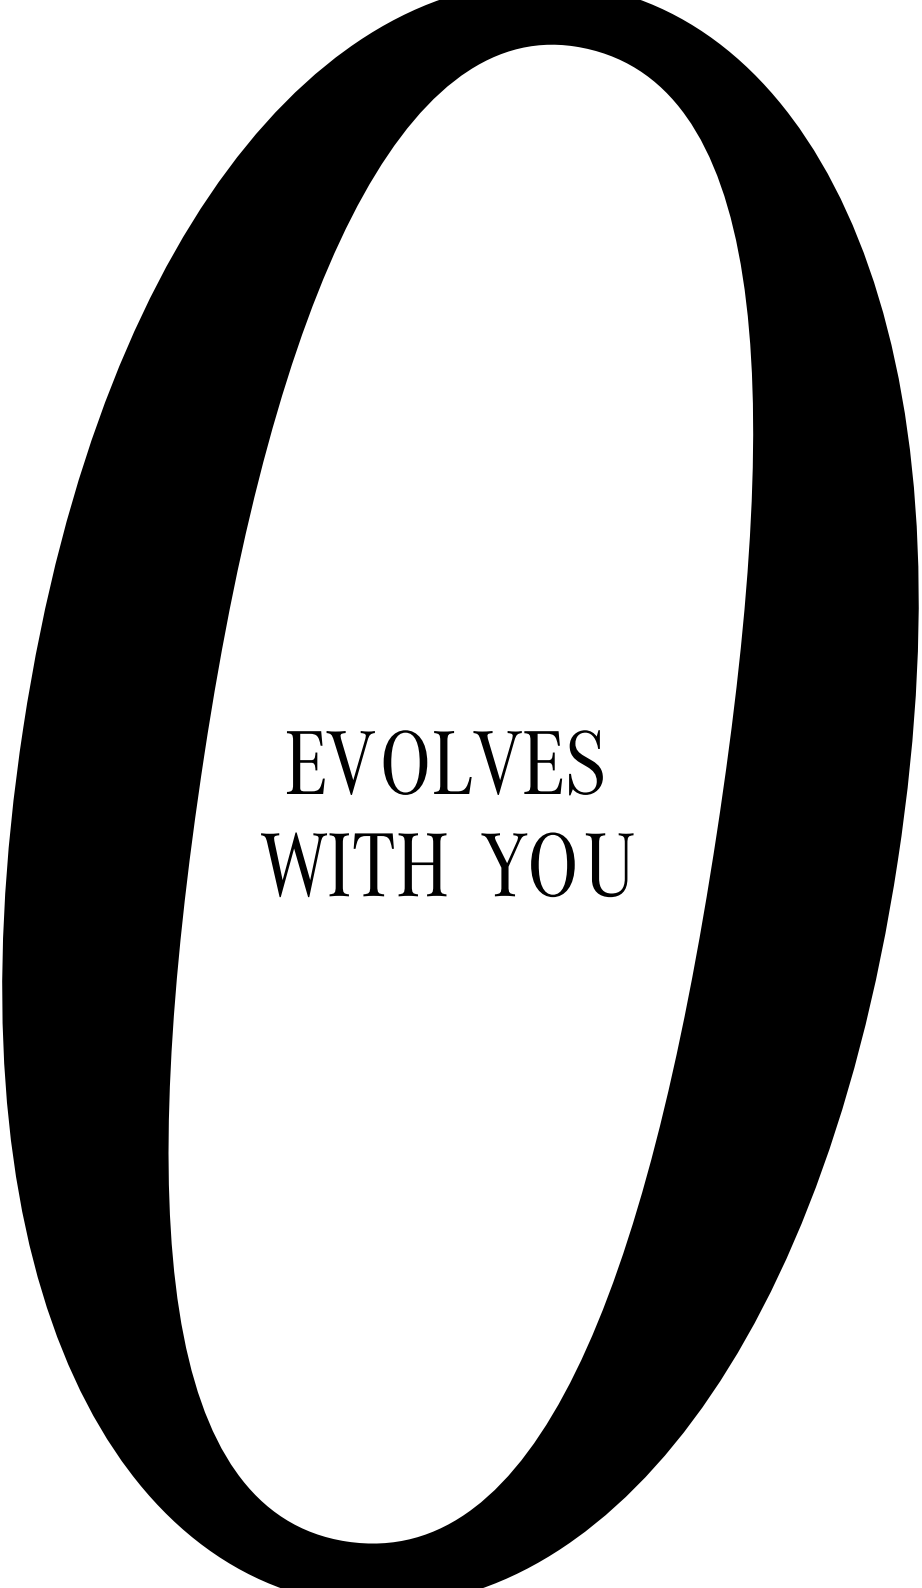

ALL-NEW E-CLASS LWB

E-Class

Evolution is constant.
It's in the here and now.
Evolution is equal parts,
Exciting and rewarding,
Universal and personal.
Your evolution is yours to define.
Every move you make, adds to it.
Every win, embellishes it.
Evolution is the true measure
of how far you've come,
and how far you'll go.
And what legacy you leave behind.

The all-new Mercedes-Benz E-Class LWB.
Evolves with you.

EVOLVES
WITH YOU

ENJOY THE ICONIC E-CLASS.

The legendary car ushers in a new era of sensual purism with clean lines and striking details. What's more, this car sets the pace for digital luxury. Discover intuitive controls and innovative features that turn your luxury car into your own personal E-Class.

POWERTRAIN AND CHASSIS

POWERED TO PERFORM.

**M254 4-CYLINDER PETROL ENGINE WITH
48 V HYBRID SYSTEM POWERS THE E200**

Tremendous pulling power even at low engine speeds - this is what distinguishes this advanced 4-cylinder petrol engine with mild hybrid and 48-volt on-board electrical system. Among other things, this supplies the integrated starter-alternator which is able to deliver additional torque of up to 205 Nm. Despite its temperament, the engine is fuel-efficient, low in emissions and has pleasantly smooth-running characteristics.

**OM654M 4-CYLINDER DIESEL ENGINE WITH
48 V HYBRID SYSTEM POWERS THE E220D**

The 4-cylinder diesel engine with 48 V on-board electrical system gives a lot and needs little. Thanks to the mild hybrid concept with integrated starter-alternator (ISG), boost function and improved injection and turbocharging, power and torque have been further increased. Significantly reduced noise and vibrations bring the level of refinement to that of petrol engines.

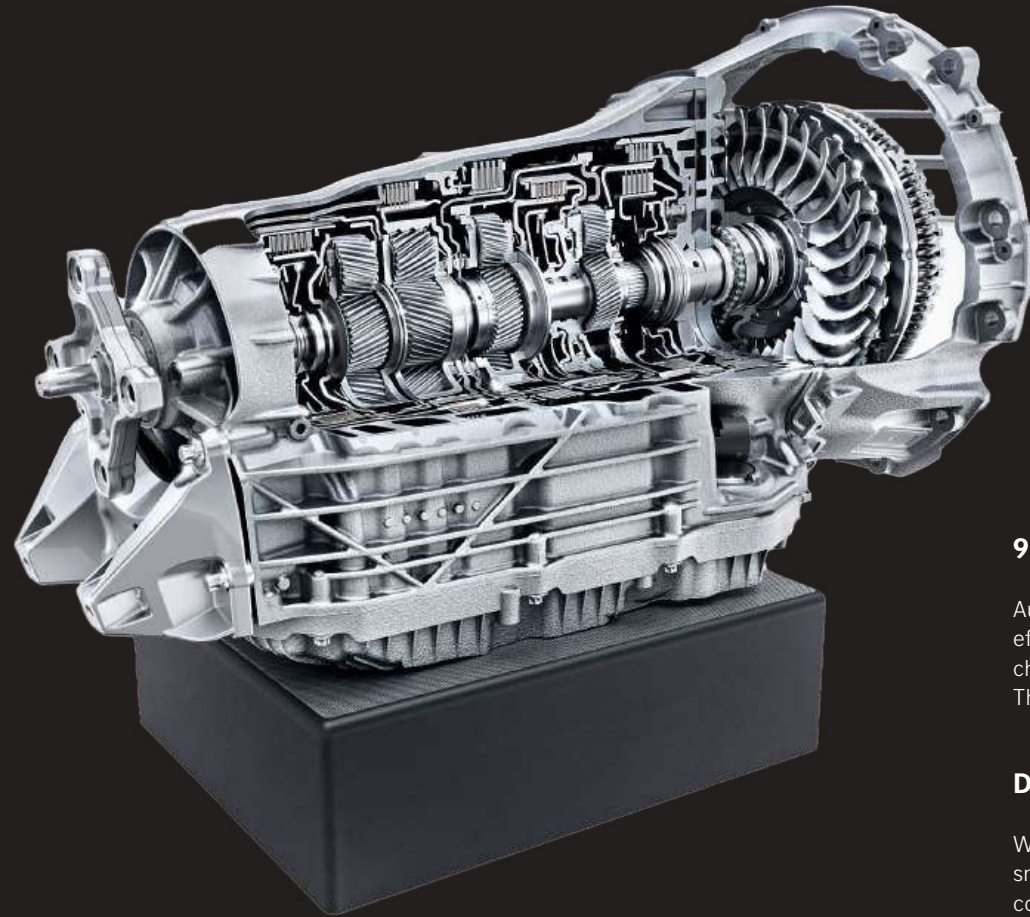

M256M 6-CYLINDER IN-LINE PETROL ENGINE POWERS THE E 450 4MATIC

The improved power and torque of the M256M engine combines superior driving performance with the pleasant smoothness of a 6-cylinder in-line petrol engine. The electric auxiliary compressor delivers high torque even at low engine speeds, and the mild hybrid concept with integrated starter-alternator (ISG) provides additional boost while helping to save fuel.

TRANSMISSION

GEARED TO DELIVER

9G TRONIC

Automatic torque converter transmission with 9 gears for comfortable and efficient driving. The 9G-TRONIC automatic transmission takes over the gear changes for you in barely noticeable fashion. 9 gears make low revs possible. This reduces your fuel consumption and ensures a more pleasant noise level.

DYNAMIC SELECT DRIVE PROGRAMS

When you select the Comfort and ECO drive programs, 9G-TRONIC shifts smoothly and efficiently through the 9 gears for you, so ensuring a particularly comfortable ride. For even more driving pleasure and correspondingly better performance, select Sport mode. At the press of a button, you can experience fast, sporty gear changes while nevertheless frequently driving in the optimum engine speed range.

SUSPENSION

BUILT TO GLIDE

AGILITY CONTROL SUSPENSION WITH SELECTIVE DAMPING SYSTEM

Comfortable suspension with passive selective damping system.

The AGILITY CONTROL suspension with selective damping system combines balanced ride comfort and high driving stability. The passive damping system ensures a superior driving experience on any road surface. It continuously adapts rolling behaviour, cushioning effect and stabilisation to the current surface.

The all-new E-Class LWB, elevating comfort: suspension developed specifically for India.

SELECTIVE DAMPING SYSTEM

The system adjusts the damping effect amplitude-wise to the road surface. In the case of smaller bumps, the ride comfort is enhanced by reducing the damping effect, while with larger bumps the full damping helps to ensure optimum stability.

—
DESIGN

CRAFTED FOR COMFORT.

AVANTGARDE EXTERIOR

Stylish Line, including 18-inch light-alloy wheels, chrome accents and a radiator grille with Mercedes-Benz pattern. The standard AVANTGARDE exterior combines stylish design elements such as chrome accents and the radiator grille with Mercedes-Benz pattern. Your vehicle is the face of an exciting business class.

- AVANT-GARDE Design
- Radiator grille with central Mercedes star, surround, Mercedes-Benz pattern and trim element on the single louvre in chrome.
- Front and rear apron each with trim strips in chrome
- Decorative air inlets at the front and indicated tailpipe trims at the rear
- Beltline and window line trim strip in chrome
- Bonnet with power domes

Available with E200 and E220d only.

AMG LINE EXTERIOR

Sporty Line, including AMG front and rear apron, 18-inch AMG light-alloy wheels and trapezoidal tailpipe trims.

The powerful styling of the AMG Line Exterior includes the AMG front apron in an A-wing design and the rear apron in a diffuser look. 18-inch AMG light-alloy wheels emphasize the athleticism of your vehicle even when stationary. This is how you show your preference for expressive design.

- AMG Bodystyling
- Radiator grille with single louvre and central Mercedes star
- 45.7 cm (18") AMG 5-twin-spoke light-alloy wheels
- Brake system with larger brake discs on the front axle

Available with E450 4MATIC only.

AVANTGARDE MAIN GRILLE WITH STAR PATTERN

AVANTGARDE Design - Radiator grille with central Mercedes star, surround, Mercedes-Benz pattern and trim element on the single louvre in chrome.

3D STAR DESIGN TAIL LAMPS

Crowning touch: The 2-section rear lights have been completely reinterpreted - they are characterized by their contour as well as their unmistakable interior. The light functions are integrated to form an unmistakable Mercedes-Benz light signature.

DIGITAL LIGHT

Impressive HD system with over 1 million pixels per headlight, including intelligent light modes, topography compensation and ULTRA RANGE high beam. The DIGITAL LIGHT constantly adapts the road lighting to the lighting conditions, the traffic situation, the road surface and the weather for you. The HD system works like a projector and calculates the lighting with pixel precision. The ULTRA RANGE high beam can make your driving experience safer.

Available with E 450 4MATIC only

PANORAMIC SLIDING SUNROOF

Light-flooded glass roof with electric roller sunblind and comfort opening. With the light-flooded panoramic sliding sunroof, you will experience a fascinating feeling of freedom and a pleasantly bright ambience in the interior. From the outside, your vehicle looks particularly exclusive.

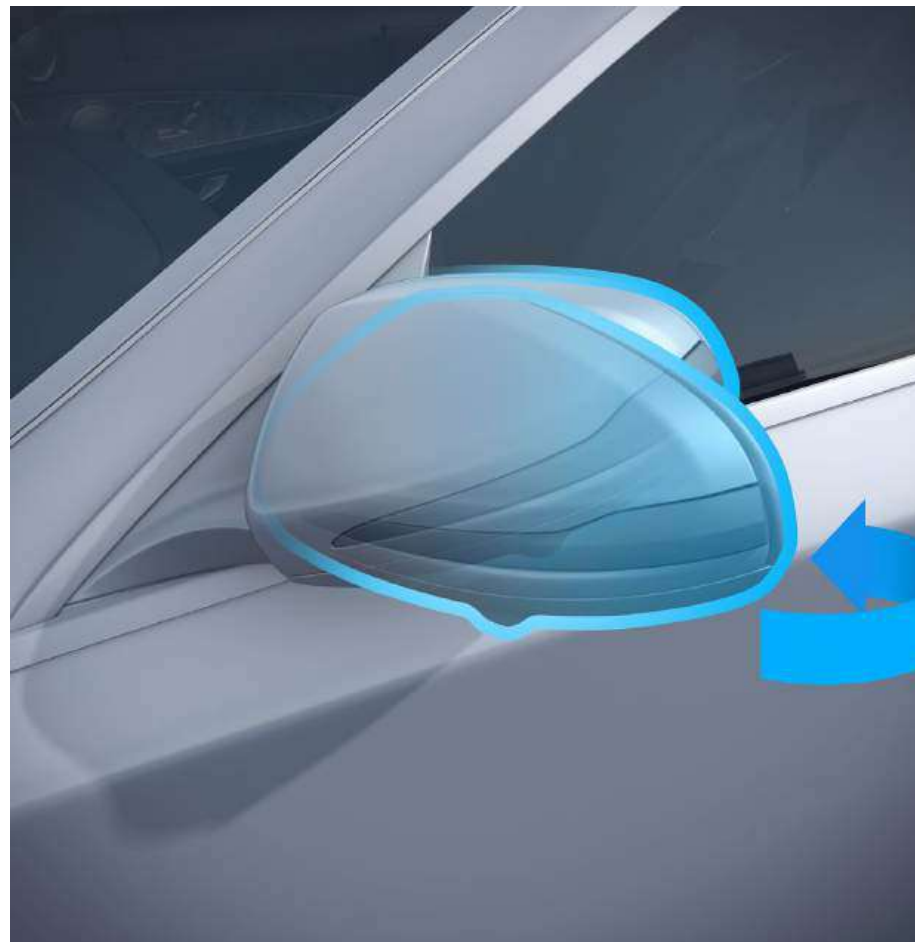

FLUSH FITTING DOOR HANDLES

Automatically retractable and extendable door handles. The flush door handles blend seamlessly into the bodywork and complete the elegant appearance of your vehicle. The handles extend automatically when you are in the immediate vicinity of the vehicle during unlocking. As soon as you lock the vehicle or drive off, the handles also retract.

MIRROR PACKAGE

Mirror package includes electrically folding exterior mirrors and surround lighting with projection of brand logo. Electrically folding exterior mirrors protect your vehicle from damage when parked. In addition, the surround lighting with projection of the Mercedes-Benz logo makes it easier to get in and out of the vehicle in the dark. Another plus point: the interior and exterior mirrors on the driver's side register headlights from behind and automatically dim them.

MULTIFUNCTION STEERING WHEEL IN NAPPA LEATHER

Stylish 3-spoke steering wheel with galvanized silver chrome steering wheel gearshift paddles and touch control panels. The multifunction steering wheel in nappa leather combines fine materials with innovative ease of operation. Use the touch control panels to operate the most important vehicle functions without having to take your hands off the steering wheel.

AMBIENT LIGHTING PREMIUM

With a total of 64 colours, the ambient lighting with indirect illumination provides the right light setting for you in almost any situation. In the 10 colour themes, the colours can also alternate spectacularly. The brightness of the LEDs can also be adjusted variably: It can be adjusted in 5 steps and 3 dimming zones.

The image shows the front interior of a car, likely a Mercedes-Benz EQ, featuring a wide panoramic display, a steering wheel with a Mercedes logo, and leather-upholstered seats. The interior is illuminated with a blue ambient light strip running along the dashboard and door panels. The central console has a gear selector and handbrake.

TECHNOLOGY

INTUITIVE IN EVERY INCH.

MBUX SUPERSCREEN

With the MBUX Superscreen, 2 displays merge under one glass surface. This gives your front passenger their own personal display and control area. Here he can watch films while on the move, use apps or participate in conferences with the selfie and video camera.

Front passenger display:

The MBUX Superscreen supplements the 14.4-inch central display with a 12.3-inch touchscreen in the front passenger area. A continuous glass surface connects the two screens. It extends from the centre console across almost the entire width of the instrument panel.

SELFIE CAMERA

Capture precious memories or join video conferences with the integrated camera on the instrument panel.

The camera covers both the driver and front passenger side.

MBUX ROUTINES

Templates: With the help of these templates, customers can experiment with the basic types of support that are possible with the help of artificial intelligence.

Self-created routines: Conditions can be attached to actions on the central display. For example, "If the interior temperature is below twelve degrees Celsius, switch on the seat heating and set the ambient lighting to warm orange."

AI-generated routines: In the future, the aim is for the E-Class to fully automate recurring routine tasks if desired. Artificial intelligence (AI) will make this possible.

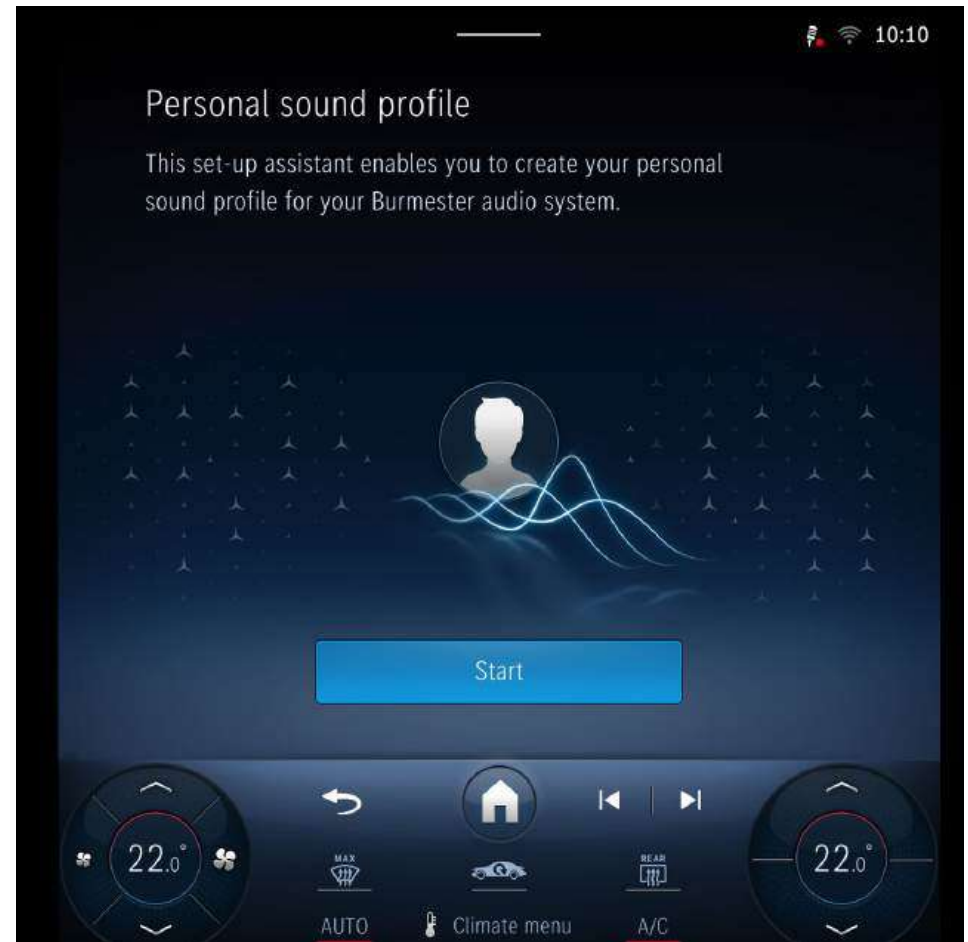

BURMESTER® 4D SURROUND SOUND SYSTEM

Unique 4D sound with 17 speakers, 4 exciters, 730 watts system power and Dolby Atmos®. With 17 speakers, 4 exciters and 730 watts of system power, you'll enjoy a unique 4D experience. Speaker-like exciters unfold the new dimension with a fascinating sound massage. Your vehicle can also play music in Dolby Atmos® quality - for a particularly touching and engaging surround sound.

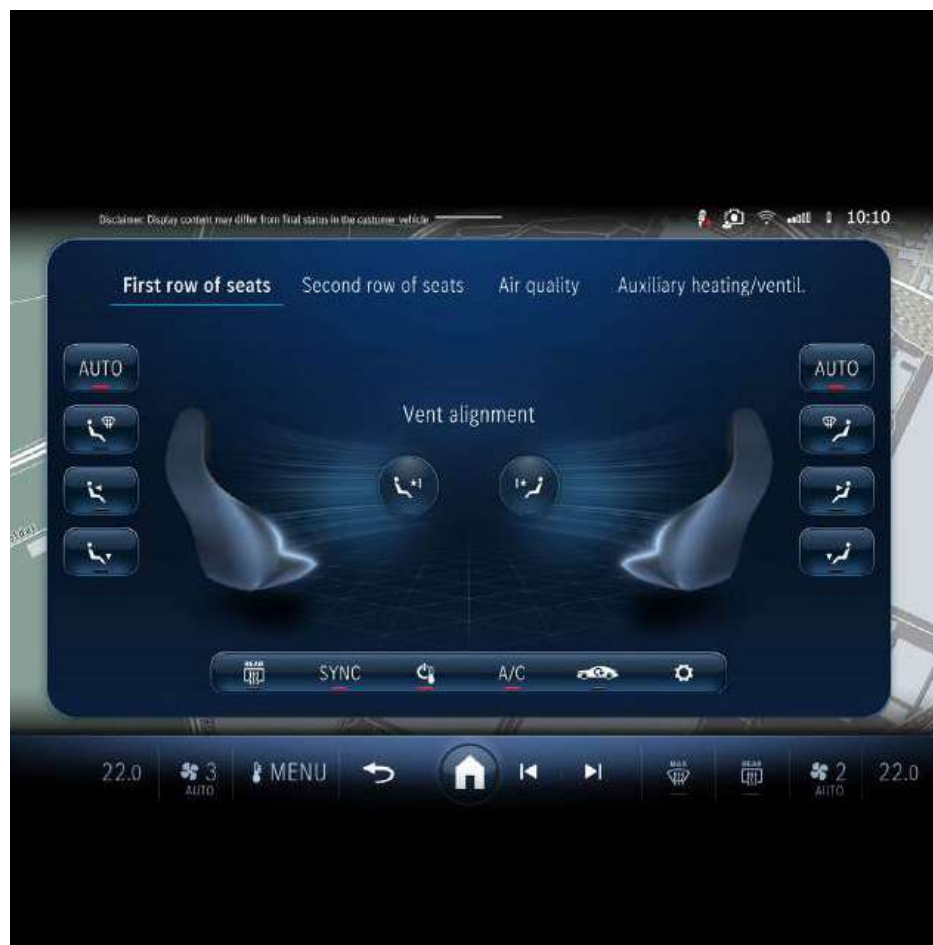

SOUND PERSONALIZATION

Digital setup wizard for the perfect sound setup of your Burmester® sound system. A digital set-up wizard works with you to determine your music preferences and adjusts the Burmester® sound system to your wishes. It stores the result in a personal profile. This way you can easily achieve your perfect sound setup.

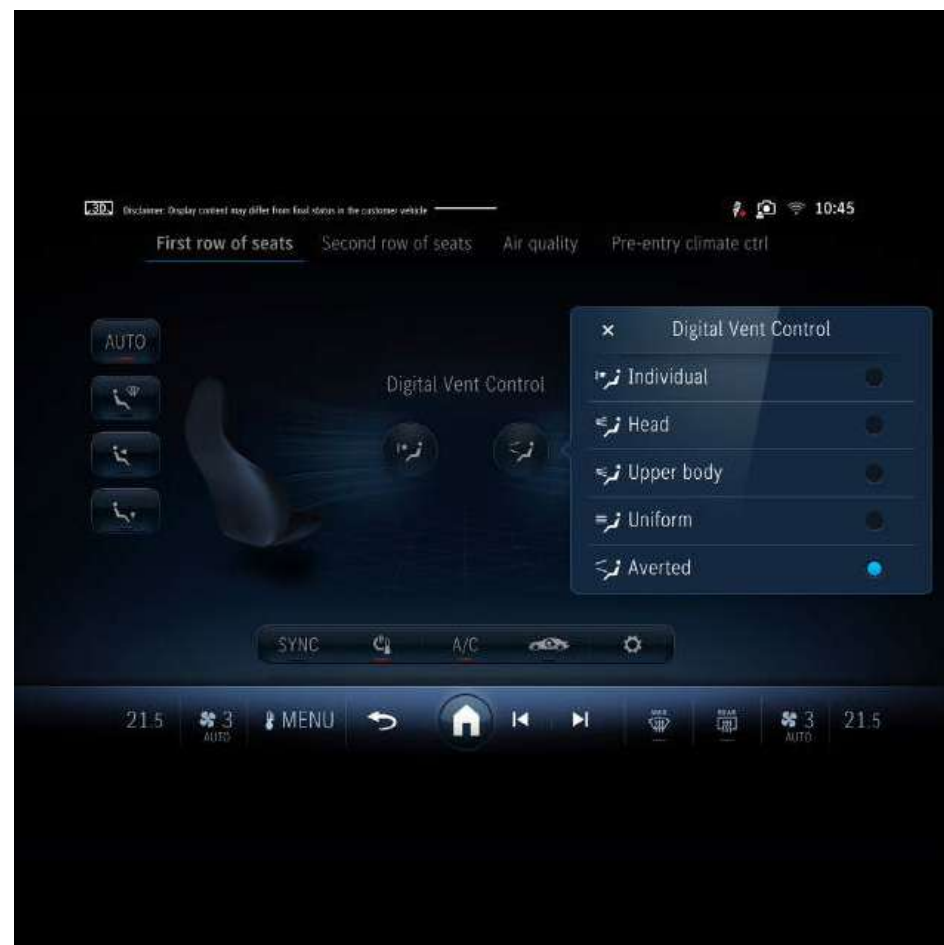

THERMOTRONIC 4-ZONE AUTOMATIC CLIMATE CONTROL

Automatic climate control with 4 climate zones and Digital Vent Control. 4 climate zones enable an individual feel-good climate on board. Driver, front and rear passengers can regulate the climate comfort to suit their needs. On request, Digital Vent Control takes over the operation of the automatic climate control: the system controls the louvres of the front air vents fully automatically.

DIGITAL VENT CONTROL

The driver and front passenger have a choice of presets for the Digital Vent Control automatic air vents, e.g. "head", "body" or "evenly distributed". Your vehicle redirects the airflow accordingly. You can also save individual climate settings in the user profiles. You can still adjust the air vents manually. The stepper motor automatically switches to freewheel when you make an adjustment by hand.

ELECTRIC ROLLER SUNBLINDS IN LEFT AND RIGHT REAR DOORS

Extendable sun visors and roller sunblinds to protect against direct light and prying eyes. Extendable roller sunblinds in the rear protect against direct sunlight and prying eyes. Together with the electric blind for the rear window, they can noticeably reduce the heat effect in the interior. The retractable sun visors provide pleasant shade at the front.

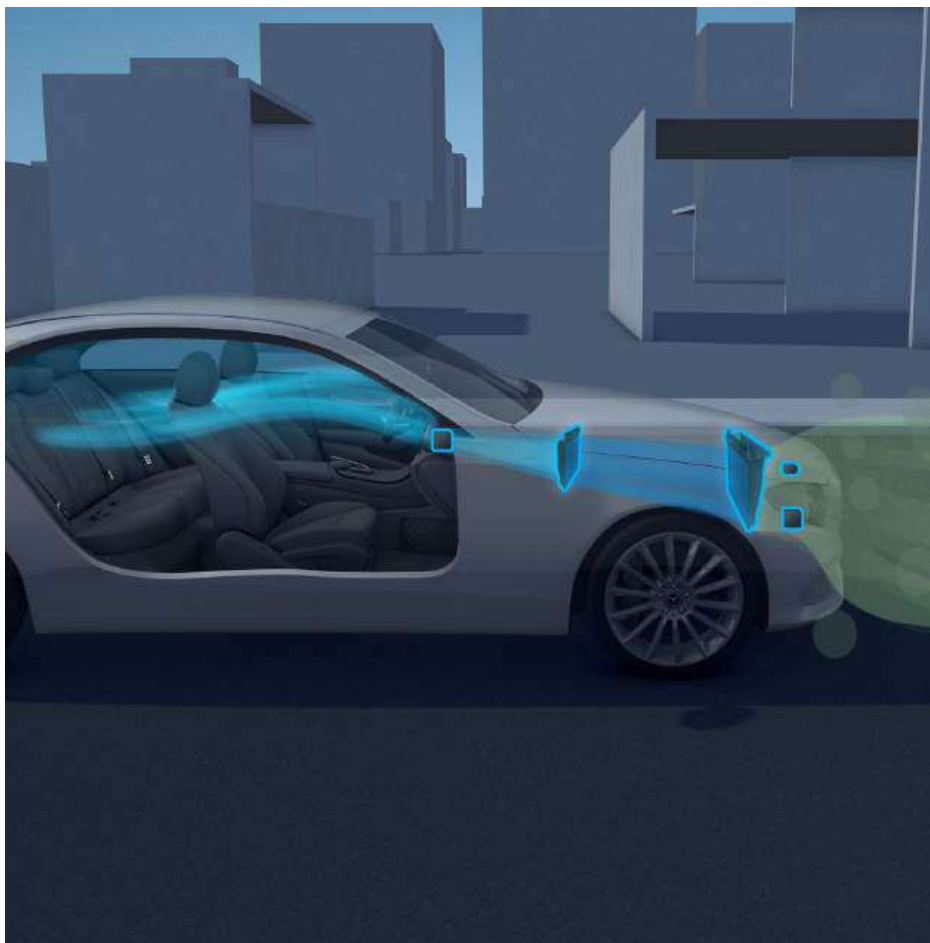

4-WAY LUMBAR SUPPORT

Adjustment of the seat contour to the lower back with 4 adjustment options. The 4-way lumbar support adjusts the seat contour to your lumbar area and provides support. There are 4 possible setting adjustments: higher, lower, weaker or stronger. Your seating position becomes more ergonomic and your back muscles more relaxed.

AIR PURIFICATION PACKAGE

Air quality monitoring including two-stage filter concept. ENERGIZING AIR CONTROL monitors the air quality for you with the help of air quality and fine particle sensors. A two-stage filter concept reduces fine particles and the majority of other inhalable pollutants. Depending on the value measured, your vehicle switches intelligently between fresh air and air-recirculation mode.

MEMORY PACKAGE

Memory function with 3 memory options, e.g. for driver and front passenger seat, steering column and outside mirrors; incl. ENERGIZING seat kinetics. With the Memory Package, you can store and select up to 3 different seat positions. With just the touch of a button, you and your front passengers sit the way that suits each of you best. Your vehicle also remembers stored settings such as the position of the steering column and outside mirrors and adjusts them accordingly.

Available with E 450 4MATIC only

WIRELESS CHARGING IN THE FRONT AND THE REAR

With the wireless charging system for mobile devices, you can conveniently charge smartphones which support inductive charging during the journey: all without special cables, connectors or holders – and irrespective of the brand and model. So, driving time becomes charging time.

USB PACKAGE PLUS

A total of 6 fast-charging USB-C ports for your mobile devices. You and your passengers can conveniently charge mobile devices at a total of 6 USB-C ports. All onboard USB ports also have a fast-charging capability. Using devices connected in the front, you can also feed data such as your stored music into the multimedia system.

A woman with long dark hair is sitting in the driver's seat of a car, buckling her seatbelt. The car's interior is illuminated with blue ambient lighting, highlighting the dashboard, door panels, and center console. The woman is wearing a dark blue sweater and a ring on her finger. The background shows a blurred view of the road and other vehicles.

COMFORT & SAFETY

READY FOR THE ROAD.

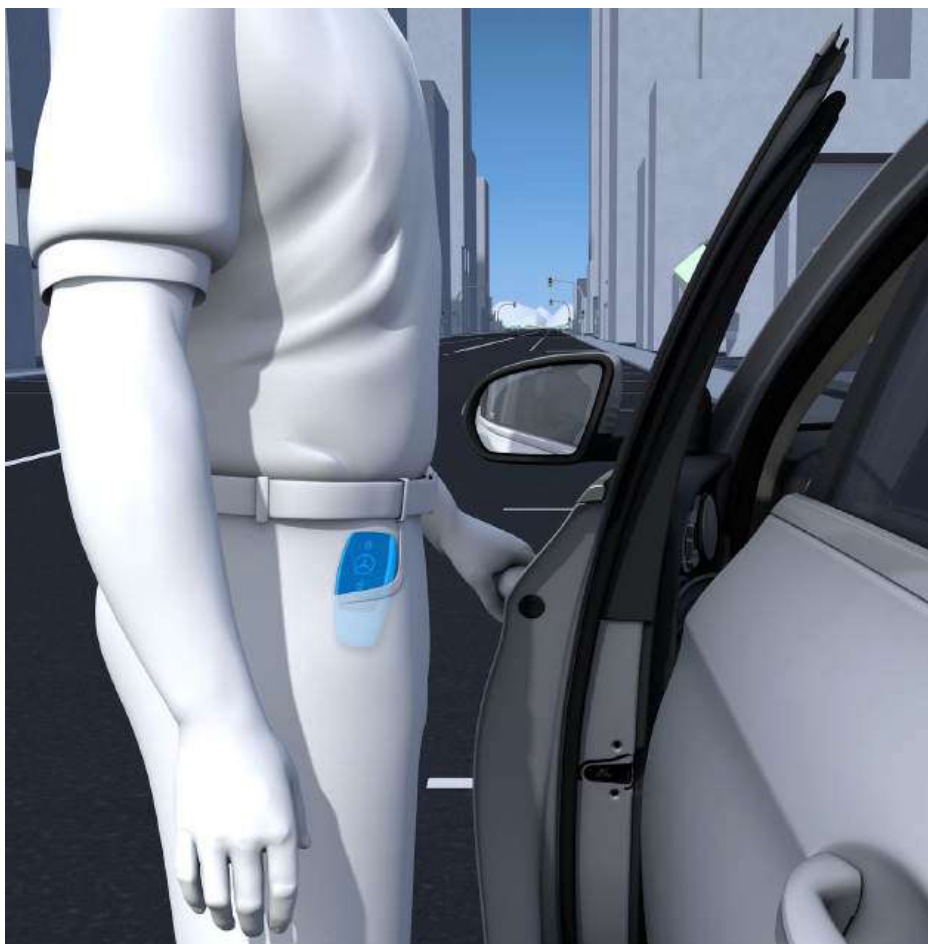

CHAUFFEUR PACKAGE

- Center armrest with wireless charger
- Rear comfort seats with Best-in-Class 36°recline with Comfort headrest neck pillows
- Electric seat base extension by 40mm for under thigh support.
- Chauffeur package for electric movement of co-driver seat from the rear side for extendable legroom.
- Rear electric sunblinds, rear window blind and sunroof blind operable from either side door.
- Rear centre armrest with wireless charging pad.

KEYLESS-GO

Convenient vehicle access including electronic vehicle key. With KEYLESS-GO, your key is already recognized when you carry it in close proximity to the vehicle and in the interior: all doors can then be opened and locked just by touching the door handle.

KEYLESS-GO access and drive authorization system: Thanks to the data stored in the key, the vehicle recognizes its owner within 2 meters of the respective vehicle door.

HANDS-FREE ACCESS

Contactless opening of the luggage compartment by a kicking motion under the rear bumper. With HANDS-FREE ACCESS, the boot lid opens without contact. For this, the sensor area beneath the rear bumper detects a kicking motion with your foot. This is particularly useful when you come back from shopping loaded up with heavy bags.

POWER CLOSING FUNCTION

Convenient electric tightening and closing of the vehicle doors. The servo closing function pulls your doors gently and almost silently into the lock. For this you only need to close the door as far as it starts to engage – and your vehicle will take over the rest for you.

PARKING PACKAGE WITH 360° CAMERA

Comprehensive assistance during parking maneuvers thanks to the 360° camera, Active Parking Assist and Parking Assist PARKTRONIC. Active Parking Assist with 360° camera makes it easier for you to find a parking space and to maneuver into and out of parking spaces. You have the choice: park the vehicle yourself with confidence thanks to all-round visibility – or simply have it parked for you.

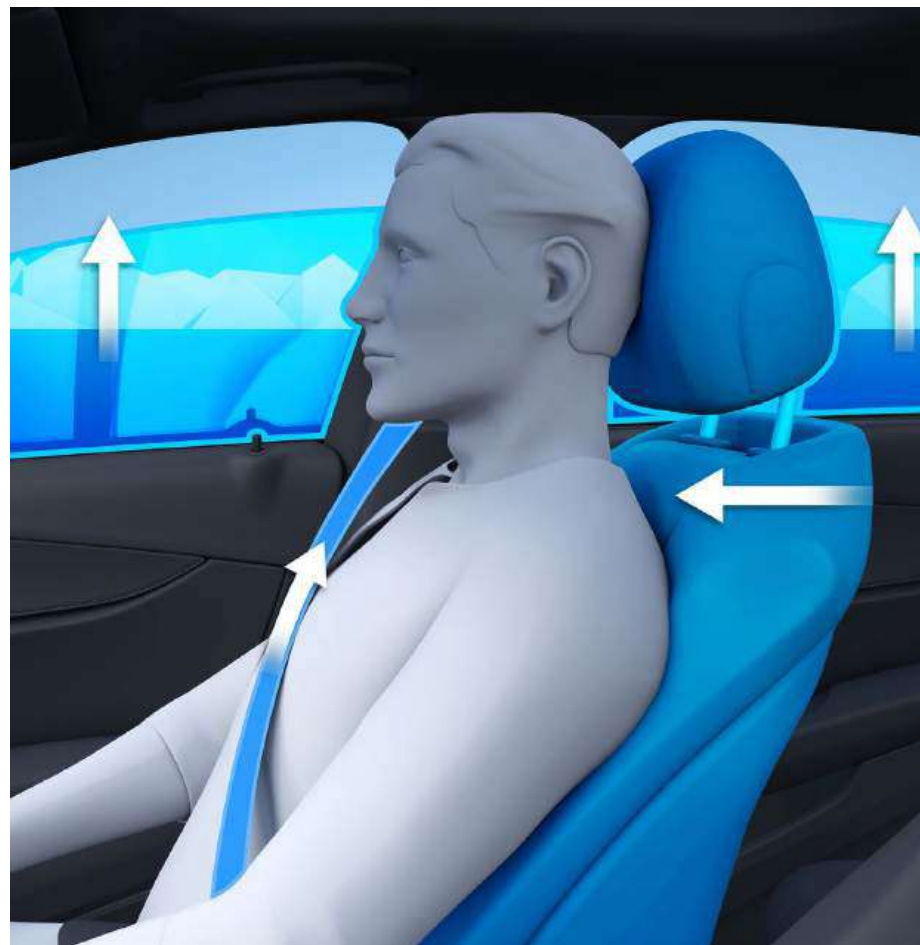

CUP HOLDERS

Double cup holder for 2 bottles or cups up to 770 ml capacity.
The practical large double cup holder offers space for 2 bottles or cups with a volume of up to 770 ml. This way, your drinks are always at hand and at the same time safely stowed in the center console.

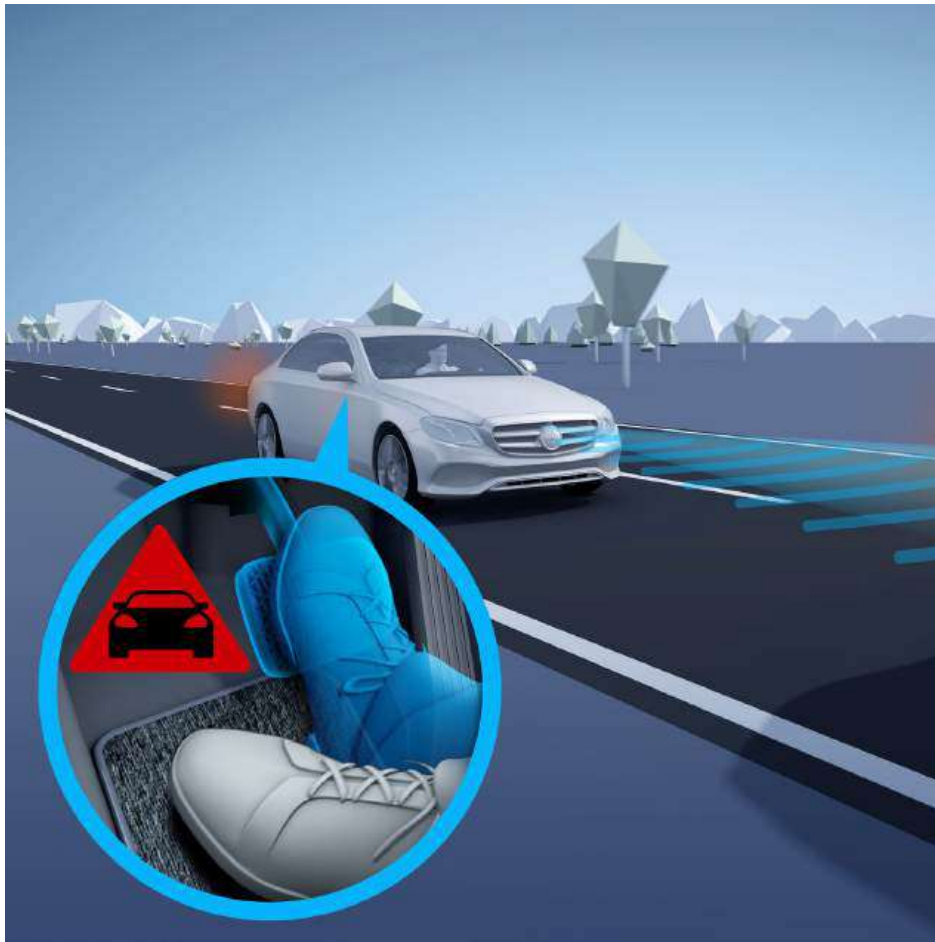

PRE-SAFE® SYSTEM

Preventive occupant protection, including PRE-SAFE® Sound, reversible belt tensioning and side window closing function. In the event of an imminent accident, PRE-SAFE® takes measures that can reduce the strain on you and your passengers. For example, the system tightens the seat belts or closes the side windows. The innovative PRE-SAFE® Sound can protect the inner ear by dampening the noise of the accident.

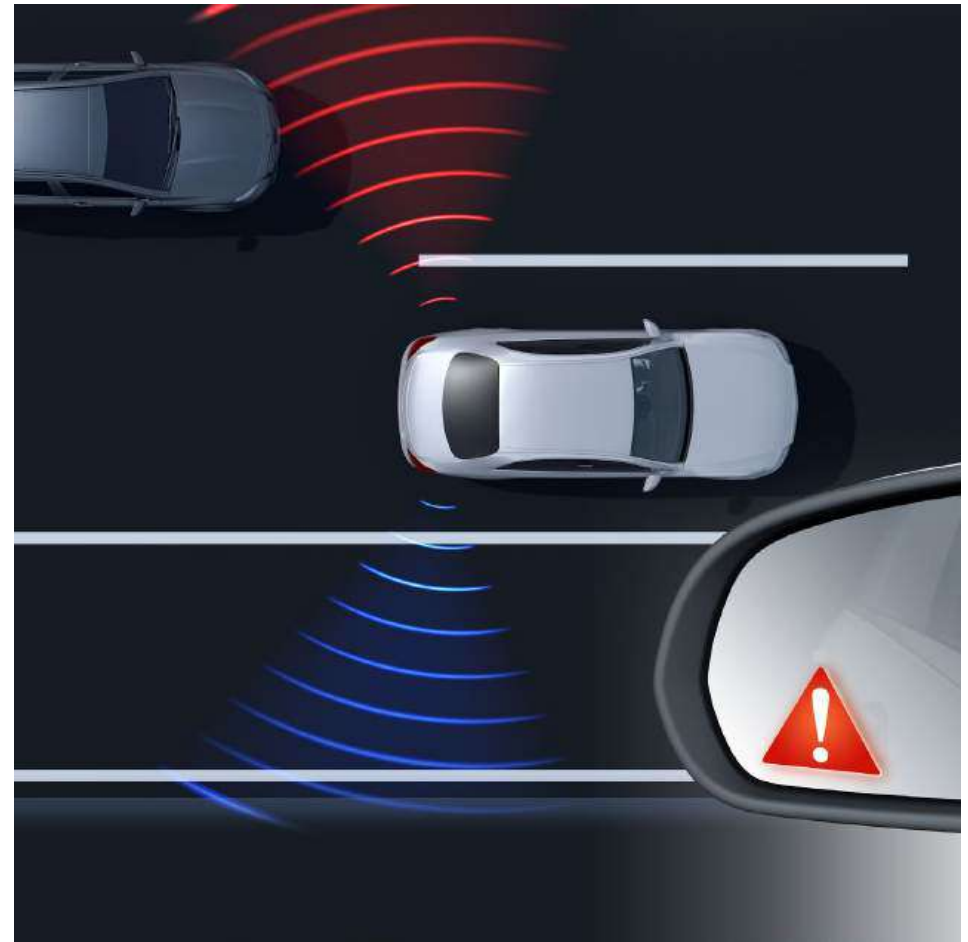

ACTIVE BRAKE ASSIST

Can help to mitigate the consequences of a collision with other road users or avoid it altogether, including autonomous emergency braking and turning manoeuvre function. This assistance system can help to avoid collisions with moving or stationary vehicles in front, with oncoming traffic when turning off and with moving pedestrians as well as cyclists. In addition to distance and collision warning, the system also offers situation-appropriate braking assistance – right up to autonomous emergency braking. Switches off on customer convenience.

ACTIVE BLIND SPOT ASSIST

Blind spot monitoring, includes exit warning function. Blind Spot Assist can warn you visually and acoustically of threatening side collisions with other road users – especially if you activate the turn signal indicator intending to change lanes. After the journey, the exit warning function helps when opening the door. A key protection measure, particularly for cyclists.

CENTRE AIRBAG

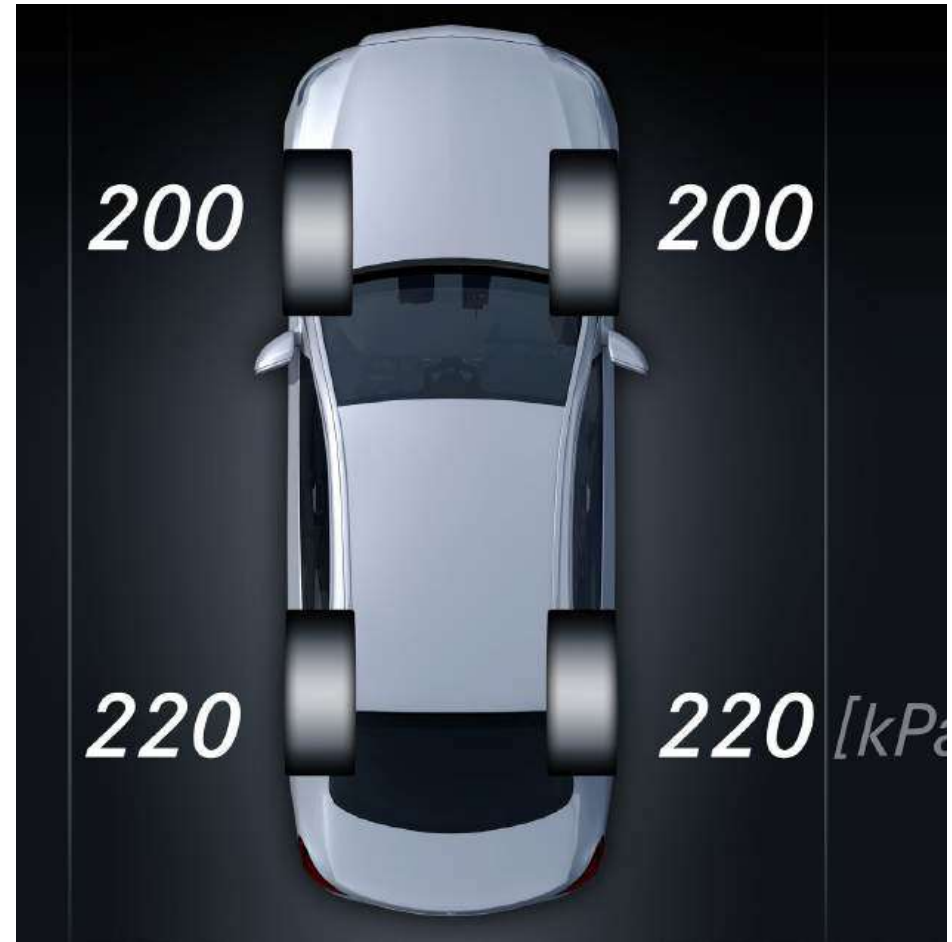

The new E-Class is equipped with 8 Airbags in total. The centre airbag can protect the driver and front passenger from colliding in the event of a side collision. The centre airbag is installed in the seat cushion on the inside of the driver's seat and is triggered in the event of a corresponding collision. Unparalleled safety features with first ever centre airbag.

MERCEDES-BENZ

TIRE PRESSURE MONITORING SYSTEM

Control system for monitoring tire pressure including warning in case of pressure drop. The system monitors the tire pressure and warns you if the pressure drops. This allows you to react immediately and add air. For example, underinflation can increase the braking distance and the risk of an accident. Correct tire pressure improves tire mileage.

E-CLASS

CRASH TEST

The Crash and Emission tests of all-new Made in India E-Class LWB were done in Germany and Spain to satisfy the internal Mercedes-Benz quality standards.

LARGE BOOTSPACE WITH BETTER USABILITY

The spare wheel in the all-new E-Class LWB has been placed below the boot floor in order to maximise the usable space in the boot.

MERCEDES-BENZ GENUINE ACCESSORIES

MERCEDES-BENZ VALVE CAP

Mercedes-Benz valve caps as a highlight of high-quality light-alloy wheels. By using anodizing aluminum, they are very light and available in two colors. Thanks to the inlay made from ABS plastic they are suitable for all valves (including tire pressure monitor). The additional rubber seal protects the valve against dirt; the polyurethane lens with UV filter protects against fading.

RIM LOCKS

Don't give thieves a chance: rim lock set offers the best possible way to protect your Mercedes-Benz original wheels from theft.

AMG VALVE CAP, WITH AFFALTERBACH BADGE

AMG valve caps as a highlight of high-quality light-alloy wheels.

AMG AND MERCEDES-BENZ HUB CAPS

Choose from the original centre hub caps to give your Mercedes-Benz a unique look

INTERIOR

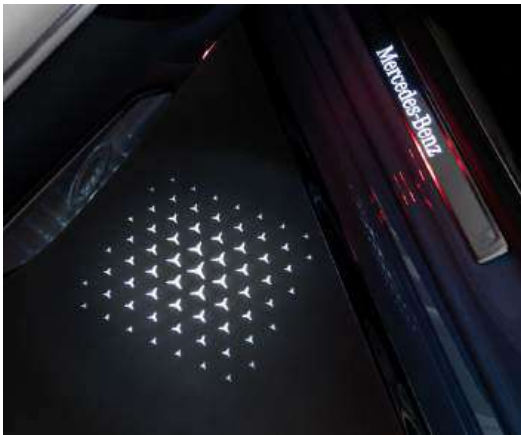

VELOUR FLOOR MATS (STANDARD OFFERING)

Velour floor mats are a luxurious and stylish accessory for vehicles, providing both functionality and aesthetic appeal. Allour mats are precision-tailored to your Mercedes-Benz.

PROJECTOR LOGO (FOR REAR DOOR)

Fascinating presence: innovative LCD projectors project an iconic Mercedes-Benz star or AMG emblem onto the floor when the driver's or passenger's door is opened. It replaces the standard exit lights in the front doors.

COMFORT

ASHTRAY

The high-quality ashtray in an appealing Mercedes-Benz design ensures that the interior of the vehicle remains clean and free of ash.

COOLBOX

Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. Thanks to its extra thick insulation it can cool up to 5°C, but a max. of 20°C under the outside temperature. It fits perfectly into every Mercedes-Benz vehicle and holds 13 litres. The portable refrigerator box is made up of a textile coating with fitted pockets and a zip. The inside, fixed plastic container is easy to clean. The refrigerator box is powered via the cigarette lighter or a 12-volt socket. Voltage transformers are optionally available for the 220-volt grid. Transportation in the load compartment is recommended for safety reasons. Dimensions: 41x41x26 cm (HxWD).

SHOPPING CRATE COLLAPSIBLE

A must for any boot/load compartment: the practical shopping crate from Mercedes-Benz - a flexible transport and stowage accessory.

CAR CARE KITS

EXTERIOR CAR CARE KIT

Complete set in high-quality leisure bag with Mercedes-Benz logo
Car shampoo and rim cleaner with sponge and glove
Practical: Car sponge and car cloth (imitation leather)

INTERIOR CAR CARE KIT

- Cockpit lotion ,250 ml
- Window cleaner, inside, 500 ml
- Glass sponge, inside (imitation leather pad), printed with Mercedes-Benz logo
- Window cloth

SERVICE AS SEAMLESS AS THE DRIVE.

MERCEDES-BENZ OWNERSHIP ASSIST

ADVANCE ASSURANCE PROGRAM

Extending your warranty coverage

With Advance Assurance Program, experience complete peace of mind. While this Extended Warranty Program kicks in the moment your standard 3 years warranty comes to an end, it can be extended further up to 6 years at a nominal price. Also, it comes with a bouquet of privileges for a worry-free time with your Star.

STAR EASE

Delivering the best-in-class value

Servicing your Star does not get any better than this. With the STAR Ease Maintenance Packages, pay a defined cost of maintenance based on the model, contract period and mileage and say goodbye to spending on service every time. Plus, enjoy exclusive features like priority handling, shorter waiting time and quicker processes

MOBILO

Help from professionals always at hand.

Just press a button in your Mercedes-Benz or call and we will take care of you. You can reach our experts at any hour, any day of the week. We are here for you in any situation 24/7.

Providing you 24x7 mobility support

Your vehicle comes with Mobilo which provides round-the-clock on-road assistance service. Mobilo comes as a standard for 3 years and can be extended further up to 8 years at a nominal cost. This service offers privileges like vehicle towing facility, replacement vehicle, hotel accommodation, just to name a few.

SERVICE LINE

We are available for you at 000 800 050 1888

SOS BUTTON

The roof-mounted control unit of your vehicle immediately establishes a voice connection to Emergency Call centre.

MERCEDES ME CONNECT

Your help at the touch of a finger. A button in your vehicle's phonebook or roof control unit connects you directly to a customer service agent

DIGITAL SERVICE DRIVE

Ensuring convenience and transparency of service.
Servicing your Star is the last thing you will ever have to worry about. We provide transparent, convenient and hassle-free service. Our customer-friendly service features work around your busy schedule so that you have one less thing to focus upon.

PREMIER EXPRESS*

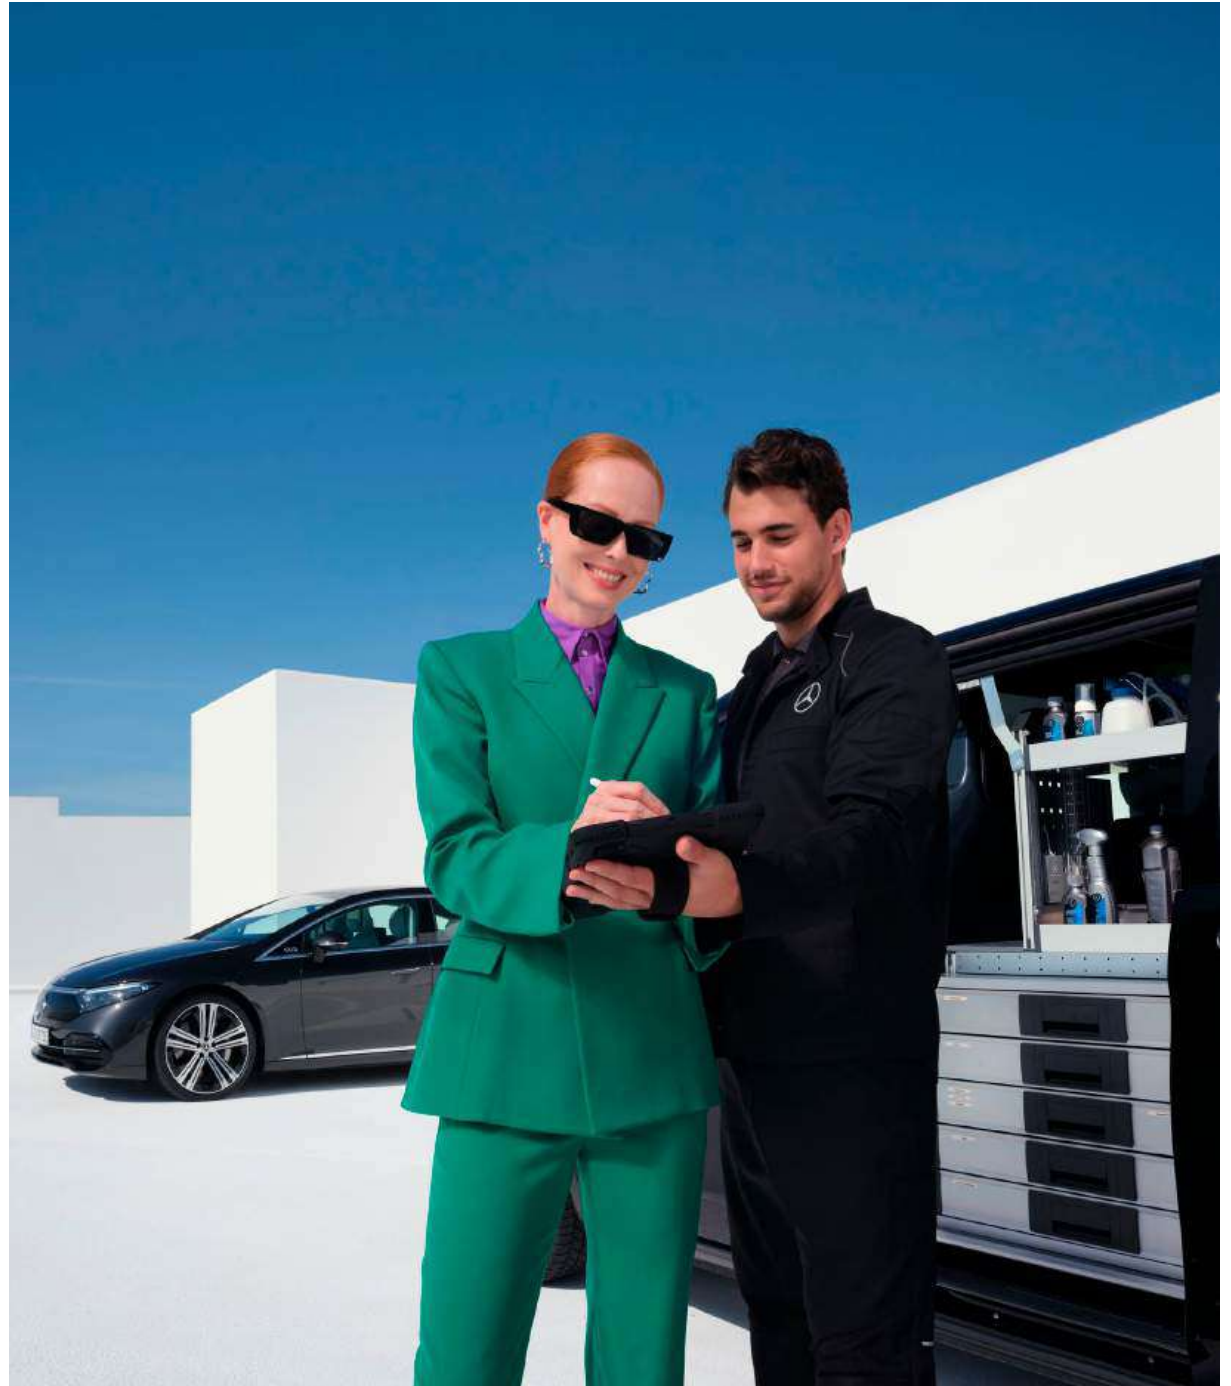

Because we value your time as much as you do.
Life gets busy and so we have designed Premier Express, our vehicle care service to help you get in and out quickly. While the visit will be brief, the service offered by our technicians will be comprehensive and complete. All to ensure your Mercedes-Benz is running for miles to come.

FAST LANE BODY AND PAINT*

Keep your Star shining
We effortlessly combine our exceptional Body and Paint repair services with a timeframe that keeps your busy schedule at the forefront of our operation.

Avail exceptional accidental repair service for your Star and enjoy the same quality with your car delivered back within 3 days or less, at no additional cost.

*Available at selected locations and will be expanded to more locations

MERCEDES-BENZ APPROVED TYRES AND RIMS

Ensuring every ride is a safe and joyful one

Maximise the safety and comfort of your Star with Mercedes-Benz approved tyres and rims. While the Mercedes-Benz approved tyres are designed to optimally match your car's performance, the Mercedes-Benz approved rims are designed to lend an exceptional style to the exterior of your Star and are also engineered for optimal performance.

EXPLORE OUR RANGE OF CAR CARE KITS

Cleaning products are the key to maintaining the aesthetics as well as the longevity of your car. Everyday traffic and adverse weather conditions are detrimental to both.

Regular maintenance is, therefore, essential to protect the paintwork and interior.

With our Car Care products, your Mercedes-Benz will receive the care and protection it deserves.
